**This year Laudato Si Week takes place from 19th - 26th May.**

In 2015 Pope Francis addressed his letter Laudato Si to every person on the planet, asking us to work together to create a better world for future generations and imploring us to make the necessary changes in our lives in order to care for, respect and value our 'common home'. He discusses the damage being inflicted on the earth by humans, and calls on 'every person living on this planet' to make urgent changes to our lifestyles and how we consume energy in order to protect the planet. Integrating the wisdom of the Church and scientific endeavour, Laudato Si deals with many environmental issues including pollution, climate change, water, loss of biodiversity & decline in the quality of human life.

**Laudato Si is an easier read than that sounds,** and inspires hope and guidance that the world sorely needs. There are lots of resources online for families and schools, including this guide to Saints who are associated with care for creation:

**Parish Live Simply pledge for May:** I will reduce my environmental impact by eating less meat and by cooking from scratch.

God we thank you for the bounty of the earth, which provides us with the food we need for our sustenance and well-being. Bless these gifts that we gratefully receive, and give us the wisdom and responsibility to care for and protect the earth that provides us with love and abundance. Amen.
